ToyZone Project

March 2024

FINAL MEETING IN NEVŞEHİR TÜRKİYE

We conducted our final transnational project meeting in Nevşehir, Türkiye on 01-02 March 2024 with the attendance of the 8 participants from 4 countries (Germany, Czechia, Romania and Türkiye). During the meeting, we discussed the progress of our IO-2 work and the creating of our e-learning platform. Thanks to all the participants for their contributions to this fruitful meeting.

THE FINAL PROJECT STEPS

ToyZone project is going to end on the 1st of June, 2024. During the following months, we are going to finalize our IO-2 work for development of ToyZone courses and web platform and we are also going to carry out multiplier events in our local contexts.

We expect that our project will contribute to the development of new digital and pedagogical skills of adults, especially parents with children with disabilities.
